QR Code Link to This Post My name is Andrew Tufano and I'm a full-time acoustic performer and songwriter. I've played over 600 shows of all shapes and sizes with artists such as Phillip Phillips, Creed Bratton (of NBC's The Office), and Taboo (of the Black Eyed Peas). I've also performed with #1 songwriters such as Don Schlitz, Tony Arata, and Kelley Lovelace.

I offer full-service live music for weddings and private events. In addition to live music, I'm happy to provide and run all live sound equipment, DJ background music, and emcee. I perform on acoustic guitar and/or piano, instrumental and/or with vocals. My setlist contains a variety of pop-centric covers (a mix of pop, soul, rock, and folk at your discretion).

Email me and I will send you a video performance of any song at your request within 24 hours to see if I am the best acoustic musician for you!

References from past weddings and parties are available upon request. A sample of live videos can be found at <https://www.dropbox.com/sh/4aq4rqaq24b7ec5/AABH-fKcBpLrjSNArGtb4cXa?dl>.
