QR Code Link to This Post We have a Lorenz Snowblower in very good shape. Best built blower on the market for smaller tractors. This one is designed for tractors 40 hp or less. Look it up on their website. Lorenzmf.com.

We have ran it with a 35hp and a 60hp. Model is a 310. Runs with a 540 pto and has a hyd spout. Also has a bracket on it for a Front Mount. We never used that Mount but could send u pics of it. Pics on pallet are from a new one our Paint is faded from sitting outside and augers have some paint off from use but in very nice shape.

Go to Sioux Falls SD one week and Sheridan Wy the next so we could work something out for delivery if needed.
