QR Code Link to This Post I have my 4x4 1997 Lincoln Navigator w/ 255k miles up for grabs! Clean Title! Never wrecked!

This car has been in my family for a very long time and has served me well, but it is time to part ways with it, as I have bought a newer car for road trips. I have driven this vehicle across the country and back, has never left me stranded. I have kept up with the maintenance as much as I can myself with regular oil changes, tune ups and other misc. items.

She has currently been sitting for a little under a year now, but still starts up first try. She still has almost new tires on her. The registration just expired in October, but won't be a problem to renew given there are no Check Engine Lights! 4x4 works without a problem! A/c blows cold, heater blows hot! The interior has seen better days, but nothing some reupholstery can't fix! The rear driver window has also stopped working, not sure why. This family sized car is ready for a new owner and will last you for thousands of miles more, I guarantee it.

I'm asking for \$2500, or best offer, for this great car. Give me a call at and we'll set something up on pricing and arrangements. Thanks for looking! God.
