I promise I will do everything I can to make you feel secure and at ease with an adoption plan, now and in the future. I am part of a large family, which includes my adopted brother, and we all look forward to having another little one in our lives to love and care for. You would be part of the family if you desired or I would respect your privacy.

I have a great career that allows me to work at home, with plenty of time off to care for baby during those first important years. My home is in a quiet neighborhood in New York's Hudson Valley with a wooded yard for lots of outdoor play time. The baby's nursery room is fully stocked with all baby essentials and I have shelves full of children's books that I dream of reading to a little one some day soon. My passions are music and arts, food and cooking, education, science and nature. I believe in the goodness of life and will strive to raise a happy and compassionate child who will be encouraged to follow their dreams and will be loved and accepted for exactly who they are.

I am 100% certified, home studied, and ready to become an adoptive parent. Private adoption is an alternative to agency adoption. My attorney can help with any legal questions and your legal expenses will be paid. I am hoping to find a like minded woman to take this journey with. I truly hope you find your perfect match and your miracle regarding adoption. Call or text or reply to the email above. I wish you the very best of luck and thank you for reading my.
