Since 2012, Private Investigator Pat Totillo has been assisting families with missing cats locate and recover their missing and lost family members.

Through Feline Profiling, Terrain Diagnostics and Missing Event Analysis, Pat works with cat owners to develop a recovery strategy based on the situation their missing cat is most likely experiencing. When necessary, an on location search with scent specific tracking dogs trained to follow the scent of a lost cat can be available.

If you or someone you know has a missing cat, we urge you to contact Pat @ .
Pat will work with you All the way to FOUND!
