QR Code Link to This Post I have a 4 year old blood python named Loki. I've had him since he was a baby. He's super nice. Handled often. He's never bit me or anyone else. He's a huge hit when taken into petsmart. Everyone loves holding him and having their picture taken with him. Super chill snake. He likes live rats. Not a huge fan of frozen thawed.

I just have a lot going on and don't have the time/energy for him. I'd like him going to someone who knows a lot about snakes and that is familiar with them. I don't want him bouncing around from place to place. If interested; email me. Thank you!

Asking \$400.

Will come with enclosure and heating pad. Along with his tub for.
