QR Code Link to This Post Collaborative Photo Art with award-winning East Bay artist! I've been exploring the intersection of Self-Expression and Figure Photography for many years, and like to work very collaboratively with my models :)

It's perfectly fine if you're just starting out! As a matter of fact, I'm very experienced with helping out first-timers get started with ease and comfort...

I have exhibited my work all over the US and Europe.

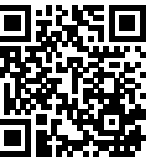

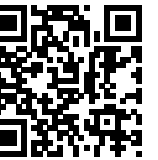

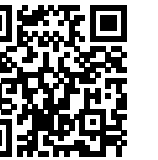

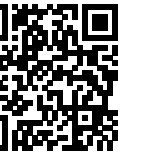

This collaborative photo-art project has doubled as "art therapy" for many of my past models, and has helped them with with body-image issues :D

Typically said by past models (incl. shy first-timers): "I can't believe how QUICKLY I'm feeling comfortable, and how much fun it is!"

Convenient location in a beautiful neighborhood by Lake Merritt, walking distance from BART.

Past models available as reference.

Can't wait to hear from!
