QR Code Link to This Post 1. "You can keep your health insurance if you like it" - Obama LIE This Lie won Politi-Facts Lie of the year award 2013.

2. "Tax cuts for the rich" - Lie by nearly every Democrat and their Parrots the tax cuts were for every income level except those that don't pay taxes. Obama himself exposed this lie when he said he wanted to keep the Bush tax cuts for the middle class. Everyone who pays taxes, got a tax cut so that is another Democrat lie exposed.

3. "The Border is secure" - Harry Reid Lie, what a joke you are Harry

4. "Global Warming, caused by the emission of greenhouse gasses, will melt the ice caps and cause massive global flooding" - In 400 years of measuring global temperatures, the temperature has only increased 3/4 of one Degree.

5. "Bush stole the election through the Supreme Court. Gore had more votes, and should have won. Bush is an illegitimate president." - Bush had won Florida in all re-counts and then it was Gore, not Bush, who placed the fate of the election into the courts.

6. "I did not have sexual relations with that woman, Monica Lewinsky" - Bill Clinton Lie, we all know the truth here. There is nothing to be added- except that it was not a vast right wing conspiracy.

7. "Trickle down economics does not work"- Democrat Lie. Money in the hands of people not the government stimulates the economy, whether they are rich or poor. The government tends to waste money but doesn't someone always waste money that isn't theirs? That is just human nature.

8. "Democrats are for working class families" - Democrat Lie as Democrats are opposed to every tax reduction this statement is almost ludicrous. The largest obstacle to gaining wealth is taxes. The single biggest issue affecting middle class families on a daily basis is taxes. The middle class taxpayer pays close to 50% of their income in taxes.

9. "The 9/11 attack was the result of a violent ideology repeated by the American people as we saw in 2001 was a planned, coordinated terrorist attack and Obama said he did nothing to help for those that were hurt."

10. "Banks can be racist. This lie is laughable with groups like the Black Panther and individuals like Louis Farrakhan. The O.J. Simpson Trial opened the eyes many for the first time and race relations since Obama has become President have gotten worse instead of better."

11. Then candidate Trump colluded with the Russians to beat Hillary Clinton. No such evidence of this exists and the Democrats in their constant continuous smear campaign against our President. It is what is treason as a political coup of sorts against a sitting president.
