QR Code Link to This Post First off, thank you for taking the time to review this ad and see if it fits you!

The world is changing and with it so are the ways people connect which is a beautiful thing. That being said, I'm looking to leverage technology to find a woman who is open to meeting my wife. We are looking for a third to join us on dinner dates and for going out. To be transparent I'm not much of a dancer, so I thought it would be fun to find a cutie willing to join us.

The compensation will be based on the amount of time spent together. Additionally, we will of course take care of the expenses while we are out.

I know this is a unique way of approaching things but we've talked it over a number of times and she very open to the idea. Our work schedules keep us pretty busy but we are a very nice looking couple in a good position financially.

We ask that you be attractive, fun and enjoy being social. Hopefully you also enjoy dancing!

We are in paulding county so ask that you be local or within reasonable distance.

If interested please change the subject to your location and include a clear.
