QR Code Link to This Post Nicely maintained and mechanically sound Ford Escape with no major problems or damage, priced to sell quickly. All wheel drive and plenty of power, a great vehicle to take up to the mountains this winter. Recently inspected and detailed prior to selling. Same owner since 2011!

The scoop:

- 200 HP 3.0L V6 in great shape, this is one of the most reliable motors made by Ford
- Recently rebuilt automatic transmission with about 35K miles!
- 155K miles
- All wheel drive
- CD player
- Keyless entry
- All power features (and yes, they work!)
- Cloth seats
- Working A/C & heat
- Clean CO title ready to go
- No accident damage, clean history
- Paint is glossy
- Matching A/T tires
- VERY clean

Overall in what I'd consider "very good" condition, just a bit of wear consistent with age and miles. Priced below KBB. This is a great vehicle ready for it's next adventure.
