QR Code Link to This Post Hello, I am a single 50 something female looking for a furnished place to live by the end of December. I am employed, clean, quiet, respectful. I have no children or pets - just me looking for a place to live by the end of December. My current landlords will need my room at the end of December. Currently, I can only pay \$250 a month, however, I am willing to cook and clean. When I start my new job, I will be able to increase my monthly rent and we can sit down and discuss the rent increase. I am not like any 50 something woman. I like classic metal and classic rock. I LOVE animals and get along with them very well. Please only respond if you are serious because I have very little time to look for a new place to live. I am looking for a peaceful, safe and quiet home, and I love to watch football. I am looking for a private room and private bathroom. I also need a place to park my vehicle. Please let me know if you are interested in speaking with me. I would love to sit down and chat with you. Thank.
