Description This fabulous almost NEW town home is located off Wildwood Drive in Fayetteville. This location is a block west of the 49/Porter Road intersection so you can be anywhere in northwest Arkansas in minutes! At 1550 square feet per side, these luxurious units are going to live large and feel more like a single family home!

These units are ready made for entertaining with large galley style kitchen, HUGE covered back deck with built in seating, plenty of parking, large yards, and very open floor plans. No space is wasted with the professionally designed floor plan! An under stair nook features a built in desk with drawers, under cabinet lighting and floating shelves.

These units have a huge backyard with plenty of room to throw the football or play fetch with your pup. The backyard is totally private with large trees and a creek. There are some rumors of the trail system being expanded across the back of these units!

~~The units are energy efficient and have been constructed to the most stringent energy codes~~

With all of these amenities, don't forget to bring your cash!
