QR Code Link to This Post We have a female French Bulldog that needs rehoming asap. She is about 2.5 years old. Yes, she is purebred. No, she does not have papers. Not for breeding, she is fixed. Sweet dog, loves kids, good around other dogs, she is not an alpha female. Not a cat fan, she will chase them. Took her about 2 months to get used to our cat and stop chasing him, now they just stare at each other. She is a typical French Bulldog, loud breathing/snorting, smart, super friendly, knows all the basic commands, likes car rides, stays on property, can be let out free to go potty and doesn't run off. Kennel trained and housebroken. Needs to eat grain free food but the lower end brand of grain free food from 3 Bears is fine. She is a companion dog, would do well with someone who just needs a buddy to hang out with and likes to be followed around. Rehoming fee of \$300 firm. Will not hold. Feel free to call or text (only local numbers will be replied).
