

Music and Art Studios Available (4105 Turnagain)

[hide this posting](#)

Location

Alaska

<https://www.genclassifieds.com/x-757874-z>

QR Code Link to This Post We have a variety of studio space available. Studios are small sound proofed areas very well suited for one on one music/art instruction. There is also a large reception/recital area right outside of the studios that is available for use.

Space available for between \$350 to \$375 per month with all utilities paid by landlord.

Floor plans are available at anchorageartandmusicstudios.com

Available spaces are #206, #213, and #214

There is also a larger space on the ground floor that is about 450 square feet (suite #B1) and is not sound proofed but could work as a instructional studio or something else that is fitting.

Sorry we can't typically accommodate some of the larger brass instruments, and drums because of the elevated noise levels.
