QR Code Link to This Post We are praying across the nation for information leading to find David Gibson Smith who's disappearance took place on August 6, 2017. Over 100 days ago. Please help us find him. You can find the story by googling his name. He always kept in contact with his family no matter what. His story does not add up with two girl witnesses that he went to meet , not knowing them. Please also pray. It is a terrible thing to wonder about your children not knowing where they are no matter what age they may be. If you know of anyone or anything about this Young Man who took a trip to your area , please advise us . The areas are Lisbon, Catonsville, Ellicott and Woodbine that we know of. You can also call (410) 313-STOP (7867) or send note /email to www.iWatchHowardCounty.com . IwatchHoward county also has an app for Android, Blackberry and iphones free to use. Please also help us share the news especially to people in town that are not internet savvy or may have not heard about this. Maybe someone saw him at a Store that may have video footage?. Any factual information will help. Thank.
