Roxy is an athletic, happy, outgoing, 65 pound, medium size, 2 year old female. We think she has a splash of Malinois in her genetics and is very easy to train with food. Roxy LOVES her food and will work endlessly for a treat. She does like toys but food is higher on her list of preferences. She's played very well with her foster siblings, both male and female. Some dogs might be overwhelmed by her play style but she listens well to voice commands and is very trainable; no cats for this girl. Roxy would do best in a home with at least moderate dog experience, as she will need someone to exercise and train her to be the best dog she can be!

If you are interested in meeting/adopting Roxy, please fill out our adoption questionnaire which you can find at <http://www.scgsr.org/adoption/aq/>.

Roxy is Spayed, microchipped, vaccinated, and comes with a collar, all included in adoption fee.

If adopting is not a possibility right now, could you join us in saving lives by giving a dog a temporary safe place to live for a week or more? Contact us to find out about fostering. Please refer to our website for contacts [www.SCGSR.org](http://www.SCGSR.org).
