## DJ Confidently....

We completely understand that there are many different pieces that can tie into planning one single event. Since we have repeatedly performed several various events over and over again as professional DJ 's, we are knowledgeable and familiar with where to go for particular event needs, company rental policies and etc. Don't make it so hard on yourself.... LET US HELP YOU!

## DJ Diversely....

As professional DJ 's we have our strongest grip on the music handle! This is what really separates us from our competition. We can guarantee you that we have the largest music library in all of Florida! Brand new songs come out every single day. The typical DJ can have the critical downfall of not updating their music library frequent enough. A large number of DJ 's will only posses a few hit singles from 2015 and up but will not posses a actual music collection of recent or vice versa for oldie music -

realistically they are stuck to only one time frame of music. At Upscale FL DJ 's we proudly boast a music collection of over 50,000 songs. We play all genres including Pop, Hip Hop, R&B, House, Reggae, Salsa, Latin, Country, Blues, Rock, Metal, 60's, 70's, 80's, 90's and 2000's.

Don't let the small name fool you we do provide big sizes. We are too big to be ignored for us! If you are looking for a DJ for your event, would you rather be better off with us? If so, call us now!

Most importantly, you want to know about the pricing right?

- Our Standard Package: \$250 for 4 hours
- Two Premium Speakers
- Wireless & Wired Microphone
- DJ Services
- MC Announcements
- Special Music Requests

\*For Larger Parties or Premium and Deluxe Package Rates please contact us at: \*

Our rates are priced for you to get the best Bang for your Buck. Don't just take our word for it. Most other DJ 's will charge you a lot more for 4-hrs for the same package material. DJ 's cheaper than us only will catch you with gimmicks in the long run like - No MC service/Mic announcements or additional charges for setup and break down time. Do your homework and you will see.... you will not find a better price vs quality matrix in Florida.

Our primary goal is to create life lasting memories by providing your event with quality DJ services at affordable prices. We have done so plenty of times in the past with previous clients and would like to do so with you in the future! You can check out some of our reviews from previous clients here - <https://upscalefdjs.com/reviews/>
