QR Code Link to This Post We have 18 shows / four and a half more weeks on our tour and we are needing a blues guitarist that is proficient in blues solos to finish out our run.

Pay is \$300 paid weekly (\$75 average per show) + most venues we play provide free meals and drinks. We travel in a spacious RV and we are playing amazing spots around the coast. We have a band house in Key West and other spots. Bring a good humble attitude and skills and we are ready to roll! MUST PROVIDE A VIDEO AND A PHONE NUMBER!!! Please this is very important! Please include a video of you playing a blues 1,4,5 song with a solo. The more the better! This is the only thing we have to go on with your playing skills so please make it something that you want to represent yourself by.
