QR Code Link to This Post Hi I'm trying to rehome My 12 weeks Old Jack Russell , his name is Romeo . He is a very nice and playfull dog. He is good with other dogs as well. Has all his shots up to date . Reason for rehoming is because he has too much energy for my grandma. He Is a very good dog and listen he sits and lays down and shakes your hand , also he is great with kids She seems to get along with my dogs. The first pic of him is the first night and the second picture is more recent. You can see the improvement in her eyes. rehoming fee \$350 for cleaning her up,He is super sweet, lovable, and playful! The dog have received deworming medicine and the FVRCP vaccination. I've bathed them to remove any fleas, potty trained them, and began to give them dry food. Very healthy pups in this bunch guaranteed.adorable, friendly and sweet 11 weeks-old male pup is ready to go out to a caring home. Up to date on his shots and vet check-ups, litter trained, eating wet and dry food. Rehoming fee of \$350 each.They are very friendly playful pups and are doing well with their litter training. They will be fully weaned and litter trained before they are ready to go to their new homes. They have been in good health with the diet we've put them on. Very calm temperament. Behave well with my 11 month old son. Need to rehome asap bcuz I unfortunately can not keep.
