QR Code Link to This Post I am looking for a Promoter for a Bar/Club Kissimmee area. Someone well connected who can at least bring in 100 people minimum a night. Now I won't lie, the Bar is not in the best location in town and has a bad rep but the Owner and I are working on changing things around. I worked as the DJ in the last 3 months and I can see potential but it will need work and the correct clientele.

Besides a having a bad rep, smoking is allowed in this bar so that to me is a negative. But Maybe theirs people over in that area that are looking for spots like that. I already spoke to that owner that if necessary that will have to change and create like an outside patio for smokers.

Unfortunately since I don't live in Kissimmee, I can only do so much on my end with Promotions. But I do know how the business works and I need someone over there. The current crowd at the moment is super mixed. I think on a Friday if we did something like Country, Top40's, Rock, Old School Hip Hop it could work. Now also given the area Latin nights could be huge. We are open to listen to suggestions and unlike most Clubs were they can get restricting with what gets played, as long as we don't attract a ghetto crowd we are more then open to ideas. All i know around that area there theirs tons of Latin Spots, but I don't see anything else or am aware. So we can either join the competition or offer nights that play music people want to hear.

We want someone dependable and that we can count on. We have a Full-Liquor license and even if its not a huge place something can be done fore sure. We also need someone up to date with Social Media and please provide links and please we need someone that can guarantee people. I have tons of ideas for even a College night, Karaoke and if all went well and if can demonstrate that you can bring people in. Sundays to Thursdays are free. So endless possibilities and I can help with Marketing, Graphic Design and other areas. I also have Goal to open a Promotion Company in that area as well since I see tons of potential and that way everything can be under One Umbrella. Please feel free to reach out and ask any questions. I tend to be bit busy but I will try my best to get back as soon as possible. Thanks in advance for your time.

By the way the pay is negotiable but we will make sure you are taken care of. That won't be a problem. Please include your phone number and tell me your past
