Don Green here from Coastal Construction & Consulting Corp. 30 Years + GC

Getting to the point....

Did the city 'RED TAG' with a STOP WORK ORDER you for not pulling the proper permits??

Did a previous GC abandon you ?

Are there open VIOLATIONS accruing fines and liens on your property - blocking your potential closing?

Welcome to my world.

Call me at and our team can do it all or we can work with your qualified team already in place.

We do Demo, Framing, Drywall, Electrical , Plumbing, HVAC, Painting, Roofing, Stucco, Swimming Pools, Decks, you name it. Easy to work with and fees are very reasonable. We guarantee our work and clean our jobs daily.

NOTE: What sets me apart from all the other GC's that do this sort of thing is the QUALITY OF THE RESOLUTION. Once the job is complete, I go back in and attempt to resolve/negotiate/mitigate the fines to reach an agreement and close the case.

To be clear, I am like the guys out there running ads on Craigslist for GC's. I am a Problem Resolution expert who happens to be a GC. Most of my work is from resolving violations, fines and liens, so I am on budget as an expert witness.

FOR YOU it's a 'one stop shop' from PLANS to PAINT and then, as I said - we go back in and do our best to clean up the mess that was there, get the fines

mitigated/reduced/negotiated and settled, etc.

More information at our website including client list and references. www.coastaldon.com

Thank you. We appreciate your business.
