QR Code Link to This Post Me and my children's mother just moved to Lincoln to enroll our children in the excellent school system. Admittedly Lincoln is a bit out of our price range but we decided to make the sacrifice for the benefit of our children. The children's Mother needs to get a part-time job so we can keep up with the Jones's. Unfortunately our preschooler gets out at 12:30 p.m. everyday and finding something with such short hours won't do us much good. We need someone to get our child off the bus or pick him up from school a mere mile away and hang out with them at the house until one of us gets home which should only be a few short hours a day. Perfect for a single mother or any mother for that matter who is not working in order watch their child but needs to earn some extra \$ as we don't mind if you bring your child with you. We have a really cool and super friendly Mastiff named Buster as well so you must like dogs. If this is of interest to you we look forward to hearing from you. You can call or text anytime. Appropriate Quarry checks will be run obviously however we are not concerned with small matters and understand everybody has a past so if it is something that is easily explained please do not let that dissuade you. All races, socioeconomic situations and religions welcome.

Thank you in advance for your consideration Joe 502 291
