

Low Voltage Technician for Recurring Contract Job (Weston) (Broward county)

Location

Florida

<https://www.genclassifieds.com/x-758849-z>

QR Code Link to This Post We are looking for a low voltage technician who has extensive EMT/conduit installation experience and tools for bending, threading and installing. This is a recurring contract job and experience with surveillance camera installations is a plus. I will be interviewing Monday 4th through Wed 6th over the phone first and will hire the right candidate on the spot for a current project. Please send me an email with your resume or explanation of your experience with referrals.
