QR Code Link to This Post I am a sales professional looking for an attorney who can sign off on documents, pleadings, etc., in return for handsome compensation from sales force. I am not asking you to do any prep work, just review what has been prepared for your signature. Limited court room appearances. Compensation is very worth your while.

Please email or text me your interest if you would like an extra 2-3k per month for very limited work.

You can count on me to be good for your house payment at a bare minimum each.
