QR Code Link to This Post P's precision is looking for active snow shovelers as of now. You're expected to work, be reliable and dependable. You are basically on call. We work odd hours and long hours sometimes. It is your job to watch the weather to see when it snows and to prepare your self for when it happens. I will call you about a day in advance to also prepare you. No experience needed. Pay is 12\$ to 15\$ per hour cash. Typically I like to start at 12 and if you show up every time and prove your keep I'll pay you more. If you have more to offer I pay more too. I am also lookin for someone to possibly pick up shovelers from there homes and bring them to job sites and back. I need 10 or more people so your friends or family are welcome. You need to dress appropriate hats gloves boots ect. When it snows we work. Contact Anna or Matt
