QR Code Link to This Post 1977 f150 from Georgia. Original cab corners body is really nice but has some bumps and bruises. Has 302 with aod transmission (I have the c4 that was in it if preferred but it needs rebuilt). The back tires are like new fronts are decent. Nice seat. Runs good needs a couple minor things fixed but driveable the way it is. Needs radio and window felts. Cash is preferred but may consider trades only reason I'm considering letting it go is because I prefer 4x4's. F250 highboy, k20, k10, jeep.
