QR Code Link to This Post I just wanted to put it out there that I have started a new business here in Ramsey, MN. First off, my name is Baron. I have a background of 15 years of automotive repair, 6 years of maintenance experience, and 7 years of being a home owner. What I offer is Handyman and Woodworking services. We even do auto repairs. There is no job too small! If you have odd jobs around the house or business that need to be done just give Big Bear Customs LLC a call or send an email! Now this business is Not a remodeling contractor. We fix things that are broken and in need of repair. But if you are not sure if we do it or not just call. The list of things that we offer would be too long to post! My wife and I love it here in the City of Ramsey and want to work in our community! Here is a small list of jobs that we do offer. Our hours will be Monday through Friday 3:30pm to 10:00pm and Saturday 08:00am to 8:00pm. Now these hours are just temporary. Our price is \$45.00 when I arrive and \$ 45.00 for every hour after that. No Tax or hidden fee's. It does not get easier than that! Thank you for looking and I hope to hear from.
