QR Code Link to This Post Hi,

I am a respectful photographer and would like to find someone any age over 21 interested in doing a free 2 hour shoot consisting of Swimwear Pinup and Tasteful Artistic photography. I would give you the edited images on a CD within about 2 or 3 weeks after the shoot. I have backdrops props and a lot of clothes and jewelry that have never been worn and if you have some ideas and clothes that you would like to bring to the shoot as well that would be great. You will not be pushed into poses or attire beyond your comfort level. If you would like a reference my wife has always been a good one. The images posted I took myself and the one with the ocean is a backdrop I have. Could I please see a picture of you? A plain face picture would be fine. I am free to shoot most mornings afternoons and evenings.

Thank You

Have a good day!
