Minority BusinessEnterprise/Women Business Enterprise/Disadvantaged Business Enterprise

Maryland's Minority Business Enterprise Program was enacted to encourage minority-owned firms to participate in the State procurement process. To be eligible for certification as an MBE a business must be at least 51% owned and controlled by one or more socially and economically disadvantaged individuals. Currently the following groups can qualify as MBEs:

African American
 Hispanic American
 Asian American
 Native American
 Women
 Disabled persons

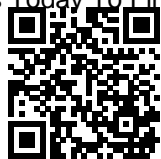

Becoming certified as an MBE exposes you to work opportunities on State and local government projects. Maryland law currently requires State agencies to make every effort to have 25% of their procurement contracts go directly or indirectly to certified MBE firms

Here at the [S]B[G]A[we are specialized Small and Minority Business, We provide Entrepreneurs with FREE consultation and variety of expedited services,

Call Us Today To Find Out If You Qualify For Any Of Such Programs 202-417
