QR Code Link to This Post Galaxia is a prog metal project that is currently looking for a singer to sing on their next EP/Album.

We have just released our first album, Countdown to Discovery, with a mega-amazing singer. But we are looking to change direction just a tad. (Link below)

https://youtu.be/dixuzSIHBBQ

The new album will be a mix of progressive metal/pop/electronic/industrial

If you are interested after hearing our sound, please respond with samples of your voice and anything else about yourself. Thanks!

Requirements: You can record yourself or have access to recording equipment, send and recieve .wav files through email or Dropbox, be able to sing exceptionally well, and write your own lyrics and!
