QR Code Link to This Post compensation:Â \$30 for about 2 hours - 5 or 6 pairs right now.

2 -Hour or so job. \$30

Looking for a guy who wears a size 8.5 to 9 shoe, fairly slender and average-to-tall height. And you need skinny jeans in any condition. (We have a few pairs, too, 28s to 31s, I think.) Wanna show off the boots over the jeans. They just sell WAY better shown on someone wearing them rather than just sitting on a shelf or something.

We sell boots and shoes on the internet and just need a pair of legs to model 6-8 pairs of boots we have right now in that size up to a 10. Usual buds who help out have feet that are too large.Â

We don't use face shots. (some samples above)

Usually shoot at a quiet, outa-the-way location on Sand Island (you can see in the pics). Sometimes Ala Wai mauka side. A few other spots possible.

Happy to pick you up / drop you off if you're in town. Or you can drive there - I can send a map.

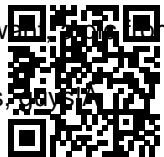

If interested, we can set a time.

Please leave a message or text and any questions long with. . .Â
your name, phone/ other contact info, shoe size, waist size, inseam, height.

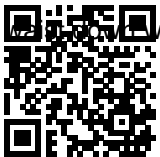

If you want to help out on the job, you would like to be a model.
marks, you can be a model.
