QR Code Link to This Post I need someone to put out bandit signs (lawn signs) in areas around Indianapolis. Looking to put out 100-200 signs.

Need someone trustworthy. Will need to log each sign placement through an app called SimpleCrew which you can download to your phone. Very simple and straightforward.

If this goes well it will be a recurring gig.

Email back and we can set up a phone interview. Make sure to include your name, phone number, and anything else you think I should know.

Thanks,
