The Worlds most famous playwright, William Shakespeare is wearing an authentic black tabard skillfully trimmed with antique gold satin and bottle green velvet Elizabethan Bonnet with a green feather trim. The Bards ruff has been hand folded from high quality grosgrain ribbon using the same technique developed over 400 years ago. Never without his feather quill Shakespeare carries his three favorite plays: Hamlet, Macbeth and Romeo & Juliet, each book is bound with unprinted pages so little authors can add their own words. This is the perfect way to introduce Shakespeare to budding writers; Shakespeare will happily sit on a graduate's desk or cuddle up for a bedtime story.

The Great British Teddy Bear is fully jointed and handmade from the highest quality plush and stands 11 in (28cm).
