QR Code Link to This Post This "chair and a half" (a chair sized like a loveseat) and ottoman by Ethan Allen are super comfortable and very durable. The cotton duck fabric is a chambray blue with navy piping. The upholstery shows minor wear but no rips or tears. I remove the cushion covers and wash them regularly (they come very clean) and in the past have used a wet vacuum with upholstery attachment to clean the arms and ottoman surface. The chair/loveseat piece is 58" wide x 39" deep and the ottoman is 43" wide x 25.5" deep.

Serious buyers should call to set up a time to see item. We will also reply to email inquiries except spam and "Is it available?" emails. We will remove the post when sold. Non-smoking household. Late afternoon/evenings are best.

Cash only. Please arrive with exact change. Thank!
