QR Code Link to This Post Two puppies for sale, just in time for Christmas. We LOVE these babies, but I accepted a new position and we're just not home enough to give them the love they deserve :(

They are wonderful puppies. We named them Frank and Leila, Frank is about 30 lbs, Leila is about 20 lbs, and they are fully grown. They are Boxer/Chihuahua mixes (yes funny combo!) They are house-broken, LOVE other animals (we have had them in doggie daycare since they were about 10 weeks old), LOVE kids, they have both been fixed and are up to date on shots, and have been treated for fleas/heartworms all year. They are about 11 months old. They know how to sit, "go to bed" and "go outside".

We would really like to keep them together in one home as they are used to each other being there, they sleep in the same crate and are best friends.

They will come with collars, leashes, bowls, and a crate that they both share.

We paid \$300 for each puppy, but are only asking \$400 for the two to ensure they go to a great home, I am open to.
