QR Code Link to This Post Hello, I'm starting up a small delivery service. I have several years experience in Courier and delivery work. Residential and business pickups available.

Need to send a envelope or paperwork or anything from your business to another? No problem I can do that for you as well.

It's Christmas time and I'm sure you all need packages delivered locally and you are so busy that you don't have time to do it yourself. I would love to deliver them for you.

My rates are simple, I charge $2/mile. You can either pay at time of pick up or I can send you a bill and pay after delivery is made. I accept cash, Paypal, CC, and checks (as long as they are good).

My hours are limited right now until I get my business off the ground and can't step away from my full-time job. I'm available Mon-Thurs after 5pm.

So, if you need anything delivered, send me an email and let me know what it is, the size and pick up and delivery info and I will get back with you with a rate quote.

Thanks,
