QR Code Link to This Post Excellent condition--very light wear. Studio use only. Stock electronics upgraded with Gibson '57 Classic pickup at neck (7.71 Ohms) and '57 Classic+ at bridge (8.57 Ohms). CTS matched pots and Orange drop caps. Wired in the old school way of a '50's Les Paul. Gotoh locking tuners added and a Bigsby with a roller saddle bridge. All professionally installed. Will include the original bridge and tailpiece and tuners.

Neck is 24 3/4" scale like a Gibson -- kinda chunky like a '59 Les Paul. Includes original hard shell case.

Plays great. Intonation is dead on with 10-46.
