Has had a puppy and Pet. I think she's a good like and she's a good with animals except dogs and cats. She can't get along with them. She loves to be on short leash and goes to the washer potter and also loves to be around the house and can't get along with the bell.

Very good family dogs. They have a great temperament and love being around other people! These puppies are extremely cute. If you're interested please text or call me.
