

Mobile Quality Shrink Wrap Patio Lawn Furniture Outdoor Cover Boats (Mobile)

New York Location https://www.genclassifieds.com/x-760805-z

QR Code Link to This Post I have over 25 yrs. experience shrink wrapping and will travel to your location. Outdoor patio, pool and lawn furniture can be left outside inside a vented shrink wrap cover for protection against the Winter elements. In the Spring, simply cut off the shrink wrap and throw it away. I use true gauge 7 mil white opaque w/UVI shrink film, apply heat to 100% of the film surface, use 4" width white tape on all pleats & seams and vent properly. Anything for outdoor storage protection can be shrink wrapped. Some of the things I have covered are: 1000's of boats, patio & outdoor lawn furniture sets, pool slides, BBQ's, tiki bars, gazebos, fountains, statues, AC units, RV's, cars, trucks, roofs, temporary structures etc. Call or email for.
