QR Code Link to This Post We need a drummer who would love to play rock and blues rock with a 3 piece band on a weekly basis. We do this for fun and don't play out. Looking for a drummer with a good attitude that likes and knows this kind of music. We play Lou Reed, Stones, Dead, Dylan, Warren Zevon, Alejandro Escovedo, Springsteen, Albert Collins, Johnny Cash, Pink Floyd, Clash, the Band, Johnny Rivers, Talking Heads, Dire Straits, Neil Young, Presley, John Hiatt, among others. We play in my studio, so we don't have any studio rental fees.

Please let me know

1. how long you have been playing
2. what kind of music you have been playing
3. please send a recording or youtube if you have it
