

If you're passionate about mobile platforms and translating code into user-friendly apps and engaging games, we would like to meet you. As a Mobile developer, you'll collaborate with internal teams to develop functional mobile applications, while working in a fast-paced environment. Ultimately, you should be able to design and build the next generation of our mobile applications.

- | | | | | | |
|--|-------------------------------------|--|--|---|--|
| - In-depth knowledge of Unity® | - Ability to code in C++ preferred® | - Experience with third-party engines and APIs | - Familiarity with coding specifically for mobile game engines | - Excellent analytical skills with good problem-solving aptitude® | - Ability to work in a team environment® |
| - BSc degree in Computer Science/relevant field (or 2 years experience)® | | | | | |
