A new review on the top website for hotel reviews says: "The Royal always amazes. We once again had an amazing time at the Royal, this time in February for one week. This was the 9th time visiting this resort since our honeymoon in January 2008, and that should say it all! This adult only resort is just what we need when we are on our vacations. We are so appreciative of the amazing staff that pamper us the whole time, and who remember us year after year."
