2007 Harley Davidson Street Glide FLHX LOADED amp Hardy LIFT (9500 USD)

Location Wisconsin https://www.genclassifieds.com/x-761701-z

QR Code Link to This Post 2007 Street Glide FLHX & Hardy Bike Lift, Bike has been set up and has been dyno'd to pump out over 100 foot pounds of torque. I can send the sheet if interested. Here are a few of the things on the bike, I can't remember everything but I tried to list what I could off the top of my head. Clean Title. I am the original owner. The bike has ~ 12K on it since the the engine was gone through. It does NOT burn oil. The milage at the time was around 48K. I replaced the starter, clutch basket, compensating sprocket (Upgraded to Screaming Eagle), chain tensioner voltage regulator...etc (upgrades). The rebuild was 7/1/12. I am a long distance rider, it is not uncommon for me to ride over 1K in a day. Since the rebuild the bike has been to Vegas, Austin Texas and east coast. As you can see I'm confident in the bike or I wouldn't be riding it those extreme distances. The Bike is kept in My heated garage all year. If interested in bike give me a call at 815-Seven-Nine-Zero-5038. Please don't contact me for anything other then this ad..

I would consider a trade for a vehicle.....
