 Low hours at 357, recently serviced. Been a great machine but we needed something bigger and it sat around all summer. Great for tree trimming and brush disposal. Knives recently sharpened, oil changed. Is missing some plastic so we discounted price for that, but operates jist fine. 2" ball mount, clean title in hand, but we never plated it. \$5250 cash. I think I have a few spare parts for it, maybe a belt.
