QR Code Link to This Post Hi, Do you need a house sitter? Do you love to travel but nervous about leaving your home unattended? I am avail after JAN 1 to house sit anywhere in the country, and for any length of time. I can house sit your pets too except for cats (I like them but am very allergic to them). I am clean, respectful of other's property, have background clearances with FBI, state and federal. I have a current passport so I can house sit anywhere. I love adventure.
