QR Code Link to This Post Hello! Musician and composer here, multi-instrumentalist, too, looking for a 20-something gal (give or take) who has a cool singing voice plus that "dirty-sweet" Marc Bolan type of vibe and way about her.

I'd like to write a record some sexy rock tunes that have a bit of "glam" (Bowie and all) to them.

If interested, please put SINGER in the email header and drop me a line! I am for real, so if you think you'll fade out after an email, no need to write me.
