QR Code Link to This Post If you notice any cracks forming along the shaft of your key, make sure that you discontinue using it as soon as possible. Also, if your lock is proving hard to use while they key is inserted, do not force it. This could lead to the key breaking inside the lock and it will cause a lot of hassle that every homeowner could do without. It is important that homeowners know as much as they can about broken key extraction so that they can prevent it and also so that they know how to deal with it.
