I'd prefer to keep this a 4 piece with just 1 guitarist, a bassist, and a drummer (I can't play anything) but if you already have something started that might be cool too.

As far as the guitarist goes, I'm looking for someone who either has a bunch of basic ideas ready to go (not complete songs) that they can send me so I can start writing lyrics and re arrange them if necessary OR someone who is able to write songs from my demos.

I want to write 5 or 6 songs and start playing shows as quickly as possible.

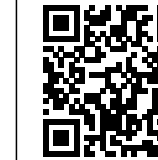

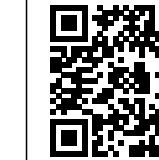

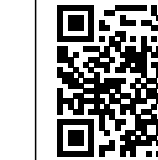

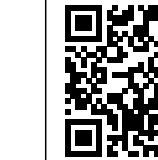

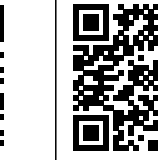

Not looking for people with job and family commitments that are going to be forced to cancel every time we try to get together. If you can make it work, cool, but I'd like to at the very least play shows 1 or 2 times a month. Maybe do short tours now and then.

Old band, old song. To give you a basic idea of how I sound: <https://soundcloud.com/theycriedapollotx/sing-a-song-of-sadness-1>
