QR Code Link to This Post We are looking for a nanny or live in nanny if we find the right person.

We are a busy family of five, with three kids. One in kindergarten and two at home still.

We are looking for someone to primarily watch the younger two. If we can find the right person we would like to offer a live in situation. We have a large downstairs bedroom with acces to your own bathroom and kitchen area.

If you are interested, or would like more information please let me know and we can go over more.
