QR Code Link to This Post I am looking for a videographer to shoot customer testimonials.

The testimonials will be in Q&A format - the videographer will ask the questions and the customer will answer with a testimonial. Only the customer will be in the video. We will provide the script. Our clients are reputable businesses and so we'd like the videographer to be well-spoken, well-dressed and professional.

All shoots will be indoors. The video will be 90-seconds long.

In addition to shooting the video, we will need editing as well.

If you are a visual storyteller, creative, and have a passion for producing great imagery, we want to hear from you.

Excellent communication and people skills is a MUST.

The task requires you to visit our client's location (we will set up your appointment), shoot the video, edit it and send it to us. Payment will be made once we have reviewed and approved the video.

If interested, please respond with your name, email, phone number, price, and portfolio of past.
